PUBLIC NOTICE

Pursuant to the Wyoming Administrative Procedure Act and the Wyoming Public Service Commission's (Commission) Procedural Rules and Special Regulations, notice is hereby given of the application of Rocky Mountain Power (RMP or the Company) for authority to amend the Revised Protocol allocation, as more fully described below.

RMP is a public utility, as defined in W.S. § 37-1-101(a)(vi)(C), providing retail electric public utility service under certificates of public convenience and necessity issued by the Commission. RMP is a division of PacifiCorp, which is an Oregon corporation providing electric service to retail customers through its RMP division in the states of Idaho, Utah, and Wyoming, and through its Pacific Power division in the states of California, Oregon and Washington. RMP is subject to the Commission's jurisdiction under W.S. § 37-2-112.

On December 30, 2015, RMP submitted an application, together with supporting testimony and exhibits, requesting approval of the 2017 Protocol allocation methodology. PacifiCorp owns substantial generation and transmission facilities. Augmented with wholesale power purchases and long-term transmission contracts, these facilities operate as a single system on an integrated basis to provide service to customers in a cost-effective manner. PacifiCorp recovers the costs of owning and operating its generation and transmission system in retail prices established from time to time in state regulatory proceedings. The 2017 Protocol was developed to provide PacifiCorp, state commissions, and other interested stakeholders an allocation methodology on a shorter-term basis while the impacts of the Environmental Protection Agency (EPA) Rule 111(d) and other multi-jurisdictional issues are better understood and can be more fully analyzed for their allocation impacts on PacifiCorp and its states. If approved, the 2017 Protocol will go into effect for all rate proceedings filed after December 31, 2016, until it expires on December 31, 2018, unless all state commissions having jurisdiction over PacifiCorp decide to extend the 2017 Protocol.

This is not a complete description of the application. Interested persons may inspect the application at RMP's business office throughout Wyoming and at the Commission's offices in Cheyenne, Wyoming, during regular business hours.

Anyone wishing to file a statement, intervention, protest, or a request for a public hearing in this matter must do so, in writing, with the Commission on or before February 17, 2016. Any petitions filed shall set forth the grounds of the proposed intervention or request for hearing as well as the position and the interest of the petitioner in this proceeding. Please be sure to mention Docket No. 20000-486-EA-15.

If you wish to intervene in this matter and/or request a public hearing which you will attend and you require reasonable accommodation for a disability, call the Commission at (307) 777-7427 or write the Commission at 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming 82002. Communications-impaired persons may contact the Commission through Wyoming Relay at 711.

Dated: January 28, 2016.

PUBLIC NOTICE

Pursuant to the Wyoming Administrative Procedure Act and the Wyoming Public Service Commission's (Commission) Procedural Rules and Special Regulations, notice is hereby given of the Application of Rocky Mountain Power (RMP or the Company), to add efficiency measures to Electric Service Schedule No. 118 - Low Income Weatherization.

RMP is a public utility as defined in W.S. § 37-1-101(a)(vi)(C), subject to the Commission's jurisdiction pursuant to W.S. § 37-2-112.

On January 15, 2016, RMP filed its Application requesting authority to modify Electric Service Schedule No. 118 - Low Income Weatherization Program (LIW Program). The purpose of the LIW Program is to fund the installation of energy efficiency measures in the homes of limited income households served by the Company.

RMP proposes to modify Schedule No. 118 to add energy efficiency measures and update measure descriptions related to Replacement Windows, Attic Ventilation, Pipe Insulation, Thermostats and Refrigerators, with an effective date of on or before April 15, 2016. The Company is requesting modifications to [i] add specifications to allow reimbursements for replacement windows with a u-value of 0.30 or lower; [ii] revise attic ventilation language to eliminate the requirement of ceiling insulation installation and allow the agencies to use Company program funds for ventilation upgrades; [iii] eliminate the water pipe wrap/insulation measure; [iv] add smart thermostats with occupancy sensors to the eligible thermostats; [v] add light emitting diode (LED) light bulbs to the list of energy efficiency measures and eliminate the limit of 10 LEDs and/or compact fluorescent lighting (CFL); [vi] add LED fixtures to the list of energy efficiency measures; and [vii] revise the refrigerator replacement description language to allow for existing refrigerators to be replaced with an Energy Star model with a savings-to-investment ratio of 1.0 or greater. RMP states that the proposed tariff changes are not expected to materially change cost-effectiveness of the LIW Program.

This is not a complete description of the Application. Interested persons may inspect the Application at RMP's business offices throughout Wyoming and at the Commission's offices in Cheyenne, Wyoming, during regular business hours.

Anyone desiring to file a public comment, statement, intervention petition, protest or request for a public hearing in this matter must do file with the Commission in writing on or before February 26, 2016. Any intervention request filed with the Commission shall set forth the grounds of the proposed intervention or request for hearing as well as the position and the interest of the petitioner in this proceeding.

If you wish to intervene in this matter or request a public hearing which you will attend and you require reasonable accommodations for a disability, call the Commission at (307) 777-7427 or write to the Commission, 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming 82002. Communications-impaired persons may contacvt the Commission through Wyoming Relay at 711. Please mention Docket No. 20000-488-ET-16 in your communications.

NOTICE OF FORECLOSURE SALE

Default having been made in the conditions of that certain Mortgage deed dated April 5, 2006, given by Desert Rains Enterprises, LLC, a Wyoming Limited Liability Company, to Bank of Wyoming, to secure the payment of one certain Promissory Note of even date therewith, which Mortgage embraced the following real property to-wit:

Parcel A:
Lot 13 and the West 20 feet of Lot 14, in Block 5, of the Original Townsite to the Town of Thermopolis, Hot Springs County, Wyoming
Parcel B:
East 10 feet of Lot 14 and All of Lots 15 and 16, in Block 5 of the Original Townsite to the Town of Thermopolis, Hot Springs County, Wyoming,

also known as 734 Warren Street and 744 Warren Street, Thermopolis, WY 82443,

which mortgage was on April 6, 2006, duly recorded at Doc. #0465876 in Book 117, Page 638-644, in the Office of the County Clerk and Ex-Officio Register of Deeds of Hot Springs County, Wyoming. The Mortgage was assigned to the present holder Central Bank & Trust, of P.O. Box 1232, Thermopolis, WY 82443, on February 10, 2010, and such assignment was recorded on February 18, 2010, at Doc. #0487399 in Book 140, Page 253 in Hot Springs County. The current record owner of the property is Desert Rains Enterprises, LLC, a Wyoming Limited Liability Company. That the note is in default; and

WHEREAS, the default in said Mortgage has occurred by reason of the failure of the Mortgagor or assignees to pay the principal and the interest due thereon when the same became due and payable and said Mortgage contained a power of sale to the effect that a default occurring in the conditions thereof will authorize the Mortgagee or its assigns at its or their option to declare the debt secured thereby to be due and payable and proceed according to law to advertise and sell said property to satisfy the same; and

WHEREAS, no suit or proceeding has been instituted at law to recover the debt remaining secured by said Mortgage, or any part thereof, or if instituted such action has been discontinued; and Central Bank & Trust, of P.O. Box 1232, Thermopolis, WY 82443, is the owner of said Note and Mortgage; and

WHEREAS, written notice of intent to foreclose the Mortgage by advertisement and sale has been served upon the record owner and party in possession more than ten days prior to the first date of publication of this notice;

NOW THEREFORE, Notice is hereby given that the above described real property will be offered for sale and sold by the Sheriff of Hot Springs County, Wyoming, or his Deputy, to the highest bidder for cash at public vendue at the front steps of the Hot Springs County Courthouse, Thermopolis, Wyoming, at the hour of 11:00 a.m., on March 8, 2016. However, pursuant to W.S. § 1-18-101(a)(iii), such sale shall not be held unless a representative of the Mortgagee is present. There is due and owing as of the first date of publication the sum of $107,428.98. Publication will be Feb. 11, 18, 25, Mar. 3, 2016. Such sum will continue to accrue interest, late charges, and any other penalties as provided by the mortgage, all to the date of sale, and additionally there shall be added to the indebtedness all costs and attorney's fees associated with the foreclosure.

The property being foreclosed upon may be subject to other liens and encumbrances that will not be extinguished at the sale and any prospective purchaser should research the status of title before submitting a bid.

Pub. Feb. 11 & 18, 2016 No. 7709

PUBLIC NOTICE

Pursuant to the Wyoming Administrative Procedure Act and the Wyoming Public Service Commission's (Commission) Procedural Rules and Special Regulations, notice is hereby given of the Application of Rocky Mountain Power (RMP or the Company), to cancel its Electric Service Schedule No. 117 – Refrigerator Recycling Program.

RMP is a public utility, as defined in W.S. § 37-1-101(a)(vi)(C), providing retail electric public utility service under certificates of public convenience and necessity issued by the Commission. RMP is subject to the Commission's jurisdiction pursuant to Wyo. Stat. § 37-2-112.

On January 28, 2016, the Company submitted an Application requesting authority to cancel its Electric Service Schedule No. 117 – Refrigerator Recycling Program (Program). The Program was suspended by Commission Order issued on January 21, 2016 in Docket No. 20000-485-ET-15 (Sub 485), because the Program vendor, JACO Environmental had gone out of business, and the Company needed time to research and evaluate alternatives to determine whether or not to make the Program available again. RMP stated that once it completed its evaluation of the Program, it would file an application with the Commission to either lift the suspension, or cancel the Program, if it was determined to no longer be cost effective.

During its evaluation of the Program, the Company issued a competitive Request for Proposals (RFP) in the third quarter of 2015 for its Home Energy Savings program and included appliance recycling as part of the RFP. The Company conducted a cost-effectiveness analysis to determine if reinstituting the Program was just and reasonable and in the public interest, based on several factors. The cost-effectiveness analysis showed that the benefit/cost ratio is below 1.00 at 0.37 when using the Total Resource Cost Test (TRC). Accordingly, given that the Program did not pass the TRC, the Company is requesting to cancel its Electric Service Schedule 117 – Refrigerator Recycling Program, effective April 15, 2016.

This is not a complete description of the Application. Interested persons may inspect the Application at RMP's business offices throughout Wyoming and at the Commission's offices in Cheyenne, Wyoming, during regular business hours.

Anyone desiring to file a public comment, statement, intervention petition, protest or request for a public hearing in this matter must do file with the Commission in writing on or before March 3, 2016. Any intervention request filed with the Commission shall set forth the grounds of the proposed intervention or request for hearing as well as the position and the interest of the petitioner in this proceeding.

If you wish to intervene in this matter or request a public hearing which you will attend and you require reasonable accommodation for a disability, call the Commission at (307) 777-7427 or write to the Commission, 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming 82002. Communications-impaired persons may contact the Commission through Wyoming Relay at 711. Please mention Docket No. 20000-490-ET-16 in your communications.

COUNCIL PROCEEDINGS

The Thermopolis Town Council met in regular session February 2, 2016 at 7 pm at Town Hall. Present were Mayor Mike Mortimore, Council members Tony Larson, John Dorman Sr., Mark Nelson and Dusty Lewis. Also present were Mayor/Codes Administrative Assistant Fred Crosby, Clerk/Treasurer Tracey Van Heule, Public Works Director Ernie Slagle, Police Chief Steven Shay, Town Engineers Heath Overfield and Anthony Barnett and Town Attorney Mike Messenger.

AGENDA: Following the pledge of allegiance, Dorman made a motion, seconded by Lewis and carried to approve the agenda as written.

MINUTES: Nelson made a motion, seconded by Larson and carried to approve the Council meeting minutes from January 5 and 19, 2016.

BILLS: Lewis made a motion and seconded by Nelson to approve the General, Enterprise and Special Fund bills for January 2016. Mortimore abstained on the approval of the bill to his business. Motion carried.

CITIZEN PARTICIPATION: SHORTY'S: CATERING PERMITS: Nelson made a motion, seconded by Mortimore and carried to approve two catering permits at the Fairgrounds; the Boots & Buckles PRCA Dance on February 6, 2016 from 5 pm to 1 am and the Chamber Banquet on March 19, 2016 from 5 pm to midnight. The Fair Board gave written approval for the events. Approval from the Town of East Thermopolis is forthcoming for their licensed retail liquor holder to do business outside the East Thermopolis town limits.

CITIZEN PARTICIPATION: STEPHANIE GILBERT: OKTOBREWFEST: Gilbert noted the event is planned for September 24, 2016 and asked for overnight street closures. Discussion ensued on business access, the Farmers Market, opening one lane on Broadway when the event ended and vendor safety. Nelson made a motion to allow for street closure on Broadway from 6th to Town Hall from 8 am on the 24th to 10 am on the 25th, with one lane of traffic (each way) opened overnight. Fifth Street will be closed from the alley south of Broadway to Arapahoe for the requested time period, with 5th street being closed from the alley to Warren after 12 pm.

TOWN ENGINEER: ANTHONY BARNETT: MRG GRANT APPLICATION: RESOLUTION 523: Dorman made a motion, seconded by Larson and carried to authorize the Mayor to sign Resolution 523. The resolution is part of an application to the Office of State Lands and Investments (SLIB) for an emergency backup generator at the Airport Pump Station. The grant requests $80,000 of the estimated $160,000 total.

TOWN ENGINEER: PAY ESTIMATE: The first pay estimate to Barnum Inc. on the water main bore project was included in the list of bills.

TOWN ENGINEER: SEWER PROJECT CLOSEOUT: Nelson made a motion, seconded by Lewis and carried to approve three change orders. The change orders cover changing the dates of substantial and final completion, the repair of the broken pipe and additional warranty and the quantities used and cost reconciliation.

TOWN ENGINEER: OTHER: Overfield discussed a $4,500 estimate from Wilson Bros. to install a vault and add a pressure reducing valve to the Red Lane water line, so additional pressure can be provided to the Cemetery water tanks. Nelson made a motion, seconded by Dorman and carried to proceed with the project.

Additional discussion ensued on the proposed Splash Park. Discussion items included cost of the project, water costs, testing, system operation, decreases in state funding, budgeting and timelines. Mortimore asked for a motion to proceed with the project, no action was taken.

DEPARTMENT REPORTS: Police Chief Shay presented the January reports. Public Works Director Slagle presented January reports for Streets and Alleys, Water, Wastewater, Sanitation and Landfill departments. Questions ensued on the use and necessity of a budgeted mini-excavator. Nelson made a motion, seconded by Mortimore and carried to proceed with the bid advertisement for the mini-excavator.

TOWN ATTORNEY: MIKE MESSENGER: Nothing at this time.

ADMINISTRATION: FRED CROSBY: EQUIPMENT BID REQUEST: See above.

ADMINISTRATION: RECYCLING TRAILER: Brad Morrison, Recreation Director noted a volunteer will use their personal vehicle to take the recycling trailer to Riverton. Discussion ensued on potential relief help from other individuals or agencies and fuel donations.

MAYOR AND COUNCIL: OTHER: Mortimore asked for a motion to support a WAM Legislative Agenda Resolution. No action was taken. The meeting adjourned at 7:52 pm. The next Council meeting is February 16, 2016 at 7 pm.

BILLS: A & I Distributors, Oil, $586.95; American Welding, Rental, $38.95; Balco Uniform, Uniforms, $543.60; Barnum Inc, Pay Est#1, $75,099.92; Big Horn Water, Service, $24.50; Bobcat of the BHB, Parts, $932.39; Carquest, Supplies, $1,207.51; Caselle, Maintenance, $296.00; Covenant Ins., Service, $4,500.00; Desert Mtn., Ice Slicer, $12,250.11; Energy Lab, Service, $96.00; Engineering Associates, Service, $10,026.63; Ferguson Waterworks, Parts, $797.60; Great West Trust, Retirement, $3,840.00; HSC Treasurer, Tax Collection, $168.28; Hach, Lab Supplies, $245.81; Hanson's Fire Equip., Service, $913.86; High Plains Power, Service, $156.54; HS Co. FBO Monthly Report

Nate Messenger reported thirty-eight total operations at the airport last month. The Commissioners authorized Mr. Messenger to replenish the fuel supply as needed until the new tanks are installed and operational. Mr. Messenger relayed a request for plowing of the runway at the old airport and received authorization from the Commissioners to do so. The remaining fuel in the tank at the old airport will be pumped out and added to the County fuel supply at the bus barn by the end of the week. Mr. Messenger reported on repairs to equipment at the new airport. There were several non-aircraft related visitors to the new airport last month checking out the facility.

Road and Bridge Monthly Report

Road and Bridge Supervisor Dave Schlager reported that the sign inventory is finished and replacement signs have been ordered. Pit run has been piled at the County pit for upcoming projects. The new pickup has arrived. Material has been stockpiled on East River Road in anticipation of the guardrail project. Mr. Schlager noted that he has had eight inquiries so far regarding the upcoming crushing project. The quote for replacing the asphalt approach as part of the Fairbuilding drainage project is $5,508.00. The project is still substantially below the amount budgeted for it.

Maintenance Monthly Report

Maintenance foreman Chuck Carver presented the request for proposals and specifications for the Courthouse blind replacement project for the Commissioners' approval. The RFP and specs were approved with a bid due date of April 4th by 5:00 p.m., bids to be opened at the Commissioners meeting on April 5th.

Museum Roof Project – The advertising for final payment on the roof project will begin immediately. Mr. Carver noted that there is still water coming in at ground level at the back door to the Museum. The Maintenance department is working to address this problem with repairs expected to be completed in the spring. Mr. Carver was asked to work with the Museum Board to determine how to proceed with the façade repair for the Museum.

Jail Visitation Area – The majority of the work for the refurbishment of the Jail visitation area has been completed. The acoustic panels have arrived and are ready for installation. The unisex bathroom has been completed. A letter will be drafted to Frank Robbins thanking him for his contribution to the project and updating him as to its status.

General – A pump seal has been replaced in one of the pumps in the Courthouse. One of the smoke detectors in the Annex air handler failed and repairs are underway. A temperature sensor has also been replaced in the HVAC system at the Annex.

Youth Alternatives Monthly Report

Youth Alternatives Director Barb Rice reported there are currently twelve participants in the program. The At-Risk Team is meeting on the first Wednesday of the month. The surveillance camera audio/video system has been installed. It is not yet being monitored in Dispatch in the Law Enforcement Center. Commissioner Basse will work with the Chief of Police and the County's IT person to try to resolve any issues to allow monitoring by Dispatch going forward.

County Advertising Discussion

Representatives from the Bighorn Radio Network and Revenue Development Resources outlined a proposed promotion involving radio and print advertising for promotion of County events for the Commissioners. No action was taken at this time.

Other Business

Shafer #1 Well Permit Application – After reviewing Steve Shafer's application for a permit for a well to be located in Lot 3 of the Charmac Subdivision, Tom Ryan moved to approve the Shafer #1 Well Permit application. Brad Basse seconded the motion. Discussion: the County's geological consultant, Dan Wychgram, has reviewed the application and recommends approval. Motion carried

Public notices

Continued from page B5

received from the State Engineer's Office that a Petition for Point of Diversion & Partial Means of Conveyance Change for the Cagney Ditch and several enlargement permits delivered through the Close & Bader Ditch needs to be filed through the Owl Creek Water District Board on behalf of the affected landowners named in the notification. Brad Basse moved that the Commissioners request the Planner's assistance to draft a letter to the Owl Creek Water District Board regarding the Petition for Point of Diversion & Partial Means of Conveyance Change relative to the properties on Owl Creek. Tom Ryan seconded the motion. Motion carried.

Wellness Program Guidelines Review – Clerk Webber presented the HSC Wellness Guidelines 2016-2017 for the Commissioners' review and signature. Clerk Webber reviewed the changes from the 2015-2016 Guidelines. Brad Basse moved to approve the HSC Wellness Guidelines for 2016-2017 as presented. Tom Ryan seconded the motion. Motion carried.

Bank of Thermopolis Depository Resolution – Tom Ryan moved to accept the Bank of Thermopolis' resolution to act as a depository for County funds as passed at the BOT Board of Directors meeting held on November 25, 2015. Brad Basse seconded the motion. Motion carried.

Wyoming Public Lands Initiative Discussion – Washakie County is working with ERG to develop a presentation to be used during public meetings to gather input regarding Wilderness Study Areas (WSA's) in their county. Hot Springs County shares one WSA with Washakie County – Cedar Mountain. The Commissioners agreed to work with Washakie County on this project.

Hot Springs County Counseling Center Application Support Letter – HSCCC Director Al Braaten presented the Commissioners with a letter of support for the Counseling Center's application to renew its contract with the State of Wyoming to provide mental health and substance abuse treatment services for Hot Springs County for fiscal year 2017. Tom Ryan moved to approve a letter of support to Dania Ballard with the State Behavioral Health Division for HSCCC's contract renewal application. Brad Basse seconded the motion. Motion carried.

County Planner Monthly Report

Planner Bo Bowman reported that the Natural Resources Planning Committee will meet next week, and the Land Use Planning Board meets on the 17th. Work continues on the Small Wastewater Permit database. Mr. Bowman noted he is up to 2003 with this project.

Emergency Management Monthly Report

NIMS Implementation Executive Order-Resolution 2016-07 – Emergency Management Coordinator Bill Gordon presented Resolution 2016-07 designating the National Incident Management System (NIMS) as the basis for all incident management in Hot Springs County for the Commissioners' consideration. This resolution was approved in 2004 as the NIMS Implementation Executive Order, but due to a change in procedure at the State Level, Mr. Gordon would like to have it passed as a resolution and signed by the Commissioners. Tom Ryan moved to approve Resolution 2016-07 as follows:

NIMS IMPLEMENTATION EXECUTIVE ORDER RESOLUTION 2016-07 DESIGNATION OF THE NATIONAL INCIDENT MANAGEMENT SYSTEM (NIMS) AS THE BASIS FOR ALL INCIDENT MANAGEMENT IN THE COUNTY OF HOT SPRINGS, WYOMING

WHEREAS, The Presidential Policy Directive (PPD-8), directed the Secretary of the Department of Homeland Security to develop and administer a National Incident Management System (NIMS), which would provide a consistent nationwide approach for federal, state, local and tribal governments to work together more effectively and efficiently to prevent, prepare for, respond to, and recover from domestic incidents, regardless of cause, size or complexity;

WHEREAS, the collective input and guidance from all federal, state, local and tribal homeland security partners has been, and will continue to be, vital to the development, effective implementation and utilization of a comprehensive NIMS;

WHEREAS, it is necessary and desirable that all federal, state, local and tribal emergency agencies and personnel coordinate their efforts to effectively and efficiently provide the highest levels of incident management.

WHEREAS, to facilitate the most efficient and effective incident management it is critical that federal, state, local and tribal organizations utilize standardized terminology, standardized organizational structures, interoperable communications, consolidated action plans, unified command structures, uniform personnel qualification standards, uniform standards of planning, training and exercising, comprehensive resource management, and designated incident facilities during emergencies or disasters;

WHEREAS, the NIMS standardized procedures for managing personnel, communications, facilities and resources will improve the state's ability to utilize federal funding to enhance local and state agency readiness, maintain first responder safety and streamline incident management process.

WHEREAS, the Incident Command System components of NIMS are already an integral part of various incident management activities throughout the state, including current homeland security/emergency management training programs;

WHEREAS, the National Commission on Terrorist Attacks (9-11 Commission) recommended adoption of a standardized Incident Command System,

Hot Springs County, Wyoming, does hereby establish the National Incident Management System (NIMS) as the standard for incident management.

GIVEN under our hand this 2nd day of February, 2016

BOARD OF COUNTY COMMISSIONERS
Hot Springs County, Wyoming
John Lumley, Chairman
Thomas J. Ryan, Vice-Chairman
Brad Basse, Commissioner

ATTEST:
Nina Webber, County Clerk

Brad Basse seconded the motion. Motion carried.

Regional Mitigation Planning – Mr. Gordon presented a draft letter to the Office of Homeland Security (OHS) serving as notice of the County's interest in participating in a regional mitigation planning effort for the Commissioners' consideration. The State has divided Wyoming into five regions and agreed to fund FEMA-approved mitigation plans for each region. One advantage to having a FEMA-approved plan in place is the resultant eligibility to apply for federal mitigation grant funding should the need arise. Tom Ryan moved to approve the Chair's signature on the letter notifying the OHS of Hot Springs County's intent to participate in the regional mitigation planning process. Brad Basse seconded the motion. Discussion: Bill Gordon will serve as the County's point of contact for the regional mitigation planning process. Motion carried.

General – Responding to questions regarding a memo received from the OHS regarding FY 2016 EMPG Work Plan Project Applications, Mr. Gordon reported that this does not apply to the EMPG funding received annually for his position. It only applies to other entities who might want to submit a specific project for funding. The Commissioners congratulated Mr. Gordon on his letter of commendation from Governor Matt Mead regarding his job performance.

Public Hearing – Legend Rock Subdivision

Planner Bo Bowman reviewed the application from the Archeological Conservancy, representing Legend Rock Resources and the State of Wyoming, to approve the following:

1. A Preliminary Subdivision Plat to establish two lots of approximately 17.88 acres and 3.30 acres (Lots 1 and 3);
2. A resurvey of an existing 29.94 acre State parcel (Lot 2); and
3. A Land Use Change to reclassify Lots 1 and 3 as Residential or Institutional.

The subject property is a portion of the northeast quarter of Section 10, Township 44 North, Range 98 West. Located southeast of West Cottonwood Creek Road (County Road 15-10), approximately 1.5 miles southwest of its intersection with Hamilton Dome Road. The State-owned portion of the property is generally known as the Legend Rock Petroglyph Site. This application has been reviewed by the Land Use Planning Board and forwarded to the Commissioners with a "do-pass" recommendation, subject to four conditions of approval. Chairman Lumley opened the hearing to public comment at 11:35 a.m. Comments in favor of the application were received from State Parks representatives John Fish and Kevin Skates. Scott Lewis, the surveyor who prepared the preliminary plat, noted that there has been a reduction in Lot 3 to 2.98 acres, as shown on the plat. After three calls for further public comment, receiving none, Chairman Lumley declared the public hearing closed at 11:40 a.m. The Commissioners completed the Absolute and Relative Policies checklists. Brad Basse moved to approve the preliminary plat for the Legend Rock Subdivision and related land use change request from agricultural to institutional with the following conditions:

1. This preliminary plat shall expire one year after the date of its approval. The final plat for this subdivision shall be submitted for the County's review and approval prior to that expiration.
2. A Weed Management Plan shall be submitted for the review and approval of staff.
3. A notation shall be placed on the Final Plat stating that any future septic system on Lots 1 and 3 must be permitted through the Hot Springs County Planning Office.
4. A notation shall be placed on the Final Plat stating that Lots 1 and 3 shall not be used for residential purposes, but are intended to protect existing archaeological features and to enhance public interpretation of those features. This may be accomplished by placing on the plat the restrictions of use that are outlined in the Donation Agreement, if the applicant and landowner so desire.

Tom Ryan seconded the motion. Discussion: the Commissioners found that all the Absolute Policies had been complied with, and scored the Relative Policies checklist as follows – Basse +12, Ryan +10, and Lumley +6. Motion carried.

Public Hearing – Former HSC Airport Redevelopment Study Grant Application

Dustin Spomer outlined the CDBG application process for funds for a Redevelopment Study regarding the old Hot Springs County Airport property. Chairman Lumley opened the public hearing at 1:02 p.m. State Park representative Kevin Skates discussed the bordering lands owned by the State and how that all ties in with the ongoing development of the new Master Plan for the State Park. Dan Wychgram distributed literature relating to some ideas he has regarding the old airport property. After three calls for further comment, receiving none, Chairman Lumley declared the public hearing closed at 1:05 p.m. The Commissioners then proceeded to consider Resolution 2016-06 regarding the CDBG Application.

Resolution 2016-06 – CDBG Application – Airport Redevelopment Study

Brad Basse moved to approve Resolution 2016-06 as follows:

RESOLUTION No. 2016-06 CDBG APPLICATION – AIRPORT REUSE STUDY

A Resolution authorizing the submittal of a Community Development Block Grant (CDBG) application to the Wyoming Business Council for the purpose of conducting a feasibility study to determine the re-development options for the former Hot Springs County Airport to determine the best option to serve the general public. The focus of the study will explore options including, but not limited to, benefit for low or moderate income families, increased recreation area, increased business expansion, and other community growth options, as well as cost estimates to implement the identified alternatives.

WHEREAS, Hot Springs County desires to conduct a study exploring all feasible options with the idea of re-developing and/or repurposing the former Hot Springs County Airport property and;

WHEREAS, Hot Springs County wishes to finance the project with funding from a CDBG grant;

NOW, THEREFORE, BE IT RESOLVED BY Hot Springs County, that a Site Specific Feasibility Study CDBG grant application in the amount of $15,000 will be submitted to the Wyoming Business Council with a match of $5,000 being provided by Hot Springs County.

BE IT FURTHER RESOLVED that the Chair of the Board of County Commissioners as the chief elected official will be the authorized representative of Hot Springs County to act on matters relating to this grant application.

Dated this 2nd day of February, 2016
John Lumley, Chairman
Tom Ryan, Vice-Chairman
Brad Basse, Commissioner

ATTEST:
Nina Webber, County Clerk

Tom Ryan seconded the motion. Motion carried.

Airport Update

FAA AIP-04-HSC-04-RFR-22/WYDOT-Aeronautics Division THP-11E RFR #22 – Dustin Spomer presented FAA AIP-04 and WYDOT-Aeronautics Division THP-11E RFR #22 for the Commissioners' approval. Brad Basse moved approval of FAA Project 3-56-0043-04 RFR #22-HSC-04-RFR-22 in the amount of $4,742.84. Tom Ryan seconded the motion. Motion carried. Tom Ryan moved approval of WYDOT-Aeronautics Division Project THP-11E RFR #22 in the amount of $421.58. Brad Basse seconded the motion. Motion carried.

FAA AIP-05-RFR-#9/WYDOT-Aeronautics Division ATHP-11F RFR #9 – Mr. Spomer presented FAA AIP-05 and WYDOT-Aeronautics Division ATHP 11F RFR #9 for the Commissioners' approval. Brad Basse moved approval of FAA Project 3-56-0043-05-2015 RFR #9 in the amount of $6,712.17. Tom Ryan seconded the motion. Motion carried. Tom Ryan moved approval of WYDOT-Aeronautics Division Project ATHP-11F RFR #9 in the amount of $596.64. Brad Basse seconded the motion. Motion carried.

WYDOT-Aeronautics Division THP-12A Request for Reimbursement #13 – Mr. Spomer presented WYDOT-Aeronautics Division THP-12A RFR #13 for the Commissioners' approval. Tom Ryan moved approval of WYDOT-Aeronautics Division THP-12A RFR #13 in the amount of $134.33. Chairman Lumley seconded the motion. Discussion: Commissioner Basse abstained from the discussion and vote due to his status as a subcontractor on the project. Motion carried.

Phase V Update – Change Order No. 5 – No action was required today as this change order will be held open until the installation of the fuel tanks has been completed.

SRE/Terminal Building Update – The shop emission detection system in the SRE building is still not working properly. Big Horn Heating & Cooling has been contacted to make the necessary repairs.

Sign Update – There is an ongoing discussion regarding responsibility for the cost of the panel for the airport sign. The Commissioners asked the GDA continue to work toward a resolution of this issue with the contractor prior to final payment being issued.

Fuel Tank Update – The tanks are expected to be delivered by the end of February. Commissioner Basse asked Mr. Spomer to ascertain whether the contractor has obtained the services of a certified installer at this time. Commissioner Basse will follow up on the long-term fuel supplier agreement and the credit card agreement.

Fire Marshall Issues – Commissioner Basse continues to work with Pat Westerholm in the State Fire Marshall's office to resolve the plan review issues regarding the hangars at the new airport.

Closure of Old Airport – No date has been finalized for the closure of the old airport. The issues with the State Fire Marshall's office must be resolved before a date can be set.

WACIP Update – Mr. Spomer reported that WYDOT has completed final review of this year's WACIP. The only change made to the draft WACIP was the moving of the Master Plan revision to 2022 and concurrent extension of the entitlement money for an extra year. As the Commissioners have no objections to the current plan, no action is required at this time.

Water Tank – Mr. Spomer noted that the large water tank located on the hill just below the old airport still has AIRPORT painted on it, and asked if the Commissioners wanted to look into having that painted over. Commissioner Basse will discuss this with the Town.
