NOTICE OF FORECLOSURE SALE

Default in the payment of principal and interest has occurred under the terms of a promissory note (the “Note”) and a real estate mortgage (the “Mortgage”) dated June 6, 2014, executed and delivered by Charles Laver, Kimberly Laver, Scott Revoir and Michelle Revoir (“Mortgagor”) to Mortgage Electronic Registration Systems, Inc., as nominee for Pinnacle Bank - Wyoming, its successors and assigns, as security for the Note of the same date. The Mortgage was recorded on June 9, 2014, at Reception No. 0510964 in Book 162 at Page 63 in the records of the office of the County Clerk and ex-officio Register of Deeds of Hot Springs County, Wyoming.

The Mortgage was assigned for value as follows:  
Assignee: JPMorgan Chase Bank, National Association  
Assignment dated: September 15, 2017  
Assignment recorded: September 21, 2017  
Assignment recording information: Reception No. 0527558 in Book 178 at Page 462  
All in the records of the County Clerk and ex-officio Register of Deeds of Hot Springs County, Wyoming.

The Mortgage contains a power of sale that, by reason of the default, the Mortgagee declares to have become operative, and no suit or proceeding has been instituted at law to recover the debt secured by the Mortgage, or any part thereof, nor has any such suit or proceeding been instituted and the same discontinued.

Written notice of intent to foreclose the Mortgage by advertisement and sale has been served upon the record owner and the party in possession of the mortgaged premises at least ten (10) days prior to the commencement of this publication, and the amount due upon the Mortgage on the date of this notice of sale is \$181,466.59, plus attorneys' fees, costs expended, and accruing interest and late charges after the date of this notice of sale.

The property being foreclosed upon may be subject to other liens and encumbrances that will not be extinguished at the sale. Any prospective purchaser should research the status of title before submitting a bid.

The current Mortgagee, JPMorgan Chase Bank, National Association, will have the Mortgage foreclosed as provided by law by causing the mortgaged property to be sold at public venue by the Sheriff or Deputy Sheriff of Hot Springs County, Wyoming to the highest bidder for cash on February 6, 2018 at 11:00 AM at the Front Steps, Hot Springs County Courthouse, 415 Arapahoe Street, Thermopolis, Wyoming, for application on the above-described amounts secured by the Mortgage. The mortgaged property is described as follows:

The North 90 feet of Lots 1 and 2, Block 34, Original Townsite to the Town of Thermopolis, Hot Springs County, Wyoming.  
Parcel No.: 001209

which has the address of 903 Arapahoe Street, Thermopolis, WY 82443 (the undersigned disclaims any liability for any error in the address).

Together with all improvements thereon and all fixtures and appurtenances thereto.

PUBLIC NOTICE OF SUPPLEMENTED  
APPLICATION

Pursuant to the Wyoming Administrative Procedure Act and the Wyoming Public Service Commission's (Commission) Procedural Rules and Special Regulations, notice is hereby given of the supplement to the Application of Rocky Mountain Power (RMP or the Company) for Certificates of Public Convenience and Necessity (CPCN) and nontraditional ratemaking for wind and transmission facilities, as more fully described below:

RMP is a public utility, as defined in Wyo. Stat. §37-1-101(a)(vi)(C), providing retail electric public utility service under CPCNs issued by the Commission. RMP is subject to the Commission's jurisdiction pursuant to Wyo. Stat. §37-2-112.

On June 30, 2017, the Company submitted an Application together with testimony, and exhibits requesting the Commission grant CPCNs to construct, or approval to acquire, four new Wyoming wind resources with a total capacity of 860 megawatts (MW) (collectively called the Wind Projects). The Company's Application indicated that it would update the requested CPCN in January 2018 based on the results of the 2017 request for proposals process.

On January 16, 2018, the Company supplemented the Application with testimony and exhibits after having identified the specific Wind Projects through the request for proposal process, which supplement increased the proposed total capacity from 860 megawatts (MW) to approximately 1171 MW. RMP requests CPCN for the following four identified Wyoming wind resources:

[i] the new 400 MW Cedar Springs Wind Project. The project consists of constructing a 20-mile 230 kilovolt (kV) tie-in transmission line; an electrical collector system; a collector substation; an operations and maintenance building; 161, 2.3-2.5 MW wind turbines and all associated towers, foundations, roads, cables, and communications for operation of the plant. Output from the wind turbines will be delivered to a collector substation on the project site where it will be stepped up to 230 kV and transported over the 230 kV tie-in transmission line to the Company's transmission system at the Windstar substation. The project is located approximately 19 miles Northeast of Glenrock on 35,000 acres of leased private land entirely in Converse County, Wyoming;

[ii] the new 500 MW TB Flats I and II Wind Project. The project consists of constructing: an 11-mile, 230 kV transmission line parallel to the existing Dunlap to Shirley Basin 230 kV transmission line; an electrical collector system; a collector substation located adjacent to the existing Shirley Basin substation and includes 500 feet of transmission line connecting the substations; an operations and maintenance building; 134, 2.0-4.2 MW wind turbines and all associated towers, foundations, roads, cables, and communications for operation of the plant. Output from the wind turbines will be delivered to a collector substation on the project site where it will be stepped up to 230 kV and transported over the 230 kV tie-in transmission line to the Company's transmission system at the Shirley Basin substation. The project is located approximately 5 miles North of Medicine Bow on 50,000 acres of leased private and state land in Carbon and Albany Counties, Wyoming;

[iii] the new 110 MW McFadden Ridge II Wind Project. The project consists of constructing: a 500-foot 230 kV tie-in transmission line to tie into the tap line at the existing McFadden Ridge I and High Plains substation, which connects to an existing tie-line to the existing Foote Creek substation; an electrical collector system; a collector substation; 44, 2.3-2.5 MW wind turbines and all associated towers, foundations, roads, cables, and communications for operation of the plant. Output from the wind turbines will be de-

livered to a collector substation on the project site where it will be stepped up to 230 kilovolts and transported over the 230 kV tie-in transmission line to the Company's transmission system at the Freezeout substation. The project is located approximately 2 miles East of McFadden on 5,500 acres of leased private and state land in Carbon and Albany Counties, Wyoming;

[iv] the new 161 MW Uinta Wind Project. The project consists of constructing a 6-mile 138 kV tie-in transmission line; an electrical collector system; a collector substation; an operations and maintenance building; 47, 2.3-3.6 MW wind turbines and all associated towers, foundations, roads, cables, and communications for operation of the plant. Output from the wind turbines will be delivered to a collector substation on the project site where it will be stepped up to 138 kV and transported over the 138 kV tie-in transmission line to the Company's transmission system at the Whitney Canyon substation. The project is located approximately 8 miles Northeast of Evanston, on 30,000 acres of leased private and state land entirely in Uinta County, Wyoming.

RMP also supplemented its Application to request additional CPCN to construct the following additional transmission resources necessary to interconnect the specific four identified Wyoming wind resources:

[i] for the Cedar Spring Wind Project: install two, 230 kV breakers and two line positions with associated switches at the Windstar substation, installation of high-speed relaying at the Riverton 230 kV bus, and rebuild 56 miles of 230 kV line from the Dave Johnson power plant to the Amasa substation, to the Difficulty substation, and to the Shirley Basin substation;

[ii] for the McFadden Ridge II Wind Project: install a new three-breaker 230 kV point of interconnection ring-bus substation on the High Plains to Foote Creek 230 kV transmission line; and

[iii] for the Uinta Wind Project: construct a new three-breaker 138 kV point of interconnection ring-bus substation, reconductor 13.7 miles of the Railroad 138 kV transmission line and modifications to the Naughton remedial actions scheme.

According to RMP, the proposed projects are a time-limited opportunity to obtain cost-effective generation and construct necessary transmission facilities with minimal impact on customer rates. The Company states that the Transmission Projects are necessary to relieve existing congestion and will enable interconnection and integration of the proposed Wind Projects into the Company's transmission system. The proposed Wind Projects, net of federal wind production tax credits (PTCs) benefits, when combined with the Transmission Projects, are expected to provide economic benefits for RMP's customers. RMP states that the time sensitive projects require that the new Wind Projects and Transmission Projects achieve commercial operation by the end of 2020 to fully achieve the benefits of the PTCs.

In addition, RMP also requests the Commission approve the Company's proposed ratemaking treatment under Wyo. Stat. § 37-2-121 for the Wind and Transmission Projects which are expected to cost approximately \$2 billion. The Company also requests approval of its proposed ratemaking treatment for the investment in the Wind and Transmission Projects, in accordance with W.S. § 37-2-121. The Company proposes to match the costs and benefits of the new resources through a new Resource Tracking Mechanism ("RTM"), as detailed in proposed Schedule 97B until the full costs and benefits are reflected in base rates. The Company is seeking approval through this filing that the decision to construct the Wind and Transmission Projects is reasonable, prudent, and in the public interest. The Company requests that if the Commission makes this finding in this proceeding, parties will not be able to challenge RMP's prudence or recovery of actual costs associated with the Wind and Transmission in any future Wyoming rate case, unless the actual costs of construction exceed the estimated costs of \$2 billion presented in this Application, or if there is evidence of mismanagement.

This is not a complete description of RMP's supplemented Application. Interested persons may inspect the entire supplemented Application at RMP's Wyoming offices and at the Commission's offices in Cheyenne, Wyoming, during regular business hours. The Application may also be reviewed on line at http://www.pacificorp.com.

Anyone desiring to file a public comment, statement, protest, intervention petition in this matter must file with the Commission in writing on or before February 9, 2018. Any intervention request filed with the Commission shall set forth the grounds of the proposed intervention or request for hearing as well as the position and the interest of the petitioner in this proceeding.

If you wish to intervene in this matter or file a public comment, statement, or protest, or you will attend the public hearing scheduled to begin on February 22, 2018, and you require reasonable accommodation for a disability, please contact the Commission at (307) 777-7427, or write to the Commission at 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming 82002, to make arrangements. Communications impaired persons may also contact the Commission by accessing Wyoming Relay at 711. Please mention Docket No. 20000-520-EA-17 (Record No. 14781) in your communications.

## COUNCIL PROCEEDINGS

The Thermopolis Town Council met in regular session January 16, 2018 at 7 pm at Town Hall. Present were Mayor Mike Mortimore, Council members Tony Larson, John Dorman Sr., Bill Malloy and Dusty Lewis. Also, present were Mayor/Codes Administrative Assistant Fred Crosby, Clerk/Treasurer Tracey Van Heule, Police Chief

Steven Shay, Public Works Director Ernie Slagle, Town Engineer Heath Overfield and Town Attorney Mike Messenger.

AGENDA: Following the pledge of allegiance, Malloy made a motion, seconded by Dorman and carried to approve the agenda with the addition of Fireworks under Town Attorney.

FINANCIAL STATEMENT: Malloy made a motion, seconded by Lewis and carried to approve the financial statement for December 2017.

PUBLIC HEARING: LOONIES BIN LIQUOR LICENSE TRANSFER: Mortimore opened the public hearing at 7:03 pm. Discussion ensued on the disposition of the estate, past non-operational status and current plans. Lewis made a motion, seconded by Mortimore and carried to approve transferring the retail liquor license from the Estate of Claudia D. Guertzen to Melvin E. Guertzen dba Loonies Bin. The hearing was closed at 7:08 pm.

CITIZEN PARTICIPATION: RT COMMUNICATIONS: FRANCHISE AGREEMENT: Becky Dooley, General Manager for RT Communications asked for clarification on the franchise agreement. Discussion ensued on the franchise rate, fiber upgrades, alley problems, changes to the agreement and franchise revenue. Lewis made a motion, seconded by Mortimore and carried to lower the proposed franchise fee from 5% to 3.5%. Changes in the agreement details will be negotiated with the Town Attorney.

CITIZEN PARTICIPATION: PUBLIC LAND INFO: Ginger Bennet from the Public Lands Initiative updated the Mayor and Council on an upcoming meeting January 22, 2018 in Lander to negotiate changing the Wilderness Study designation on a portion of Copper Mountain that borders Hot Springs County.

TOWN ENGINEER: HEATH OVERFIELD: Overfield noted a pre-bid meeting on the water project will be held on Thursday February 18, 2018.

TOWN ATTORNEY: MIKE MESSENGER: FIREWORKS: Messenger noted he received an inquiry about a fireworks permit and the current code. Following discussion, no action was taken.

ADMINISTRATION: FRED CROSBY: Crosby received two requests for streetlights at the Library and the Recreation Center. Following discussion, Crosby will inquire about installation costs.

MAYOR & COUNCIL: At 7:45 the Mayor and Council went into executive session for potential litigation as allowed under Wyoming statute 16-4-405(a)(iii). The council meeting resumed and then immediately adjourned at 9:20 pm. The

next scheduled council meeting is February 6, 2018 at 7 pm.

Mayor

Pub. Jan. 25, 2018

No. 8258

STATE OF  
WYOMINGOFFICE OF THE  
BOARD OF  
COUNTY  
COMMISSIONERS  
THERMOPOLIS  
WYOMING  
January 16, 2018COUNTY OF  
HOT SPRINGS

The Hot Springs Board of County Commissioners met in regular session on Tuesday, January 16, 2018, at 4:00 p.m. in the Public Meeting Room at the Government Annex. Present were Commissioners Tom Ryan and Phillip Scheel. Also present was County Clerk Nina Webber and Administrative Assistant to the Commissioners Penny Herdt. Chairman Ryan led those present in the Pledge of Allegiance. Chairman Ryan suspended Roberts Rules of Order so that business might be conducted in the absence of Commissioner John Lumley.

## Approval of Agenda

The agenda was approved with the addition of Fairgrounds Exhibit Building Floor Update and striking Approval of Minutes.

## Fairgrounds Multi-Purpose Building Roof Update

The consulting engineer inspected the MP Building roof after removal of the insulation and gave his report. The engineer will obtain estimates for full replacement of the roof and drainage system and prepare initial bid documents. The estimates and draft bid documents will be reviewed by the Commissioners at the February 6th meeting

## Fairbuilding Floor Update

The drain system installed last year appears to be working well for removing the water beneath the exhibit building floor. The soils appear to be stabilizing but more drying time is needed before a fix for the floor is implemented.

## Copper Mountain WPLI Recommendations

Ginger Bennett, General Public representative on the Fremont County WPLI committee present-

ed the Commissioners with a list of recommendations for the Copper Mountain WSA generated by the committee. The process of finalizing the recommendations will begin on Monday, January 22nd, at the WPLI meeting in Lander.

## Road &amp; Bridge Position Advertising

Advertising will begin immediately for a replacement for Delbert Daniels who is retiring at the end of the month.

## Black Mountain Road Project Update

A letter will be sent to the District 5 Engineer requesting geotechnical/geological services in connection with the Black Mountain Road project

**Tax Rebate** – Rebate #2-17 on Parcel #1439 for tax year 2017 (District 152) to Joyce M. Fletcher in the amount of \$47.49 was approved by the Commissioners.

**Assessor Appointment** – Dan Webber was appointed as the Hot Springs County Assessor to fill the vacancy created by Shelley Deromedi's retirement, pending the November 6, 2018 General Election.

## Other Business

**Airport Leases** – Ground Lot Leases between Hot Springs County and Ty Higgins and Hot Springs County and Daniel Wychgram at the new airport were approved.

**Senior Center Roof Project Grant Draw Down Request #1** – Commissioners approved Senior Citizens Roof Grant MRG-17049 DDR #1 dated 1/16/2018 in the amount of \$32,131.51.

## Correspondence

**Fairboard Minutes** – December, 2017; **Dept. of Audit** – Red Lane Water District – the County Attorney was authorized to access all information necessary to dissolve the Red Lane Water & Sewer District per notification from the Department of Audit under S.S. 22-29-401(b); **Dept. of Audit** – Cost of Government Report; **Chamber of Commerce** – Citizen/Business of the Year Nomination Forms - Staff will submit the Chamber of Commerce form nominating Shelley Deromedi as Citizen of the Year in recognition of her many years of outstanding service as County Assessor; **Bureau of Reclamation** – Snowmelt Forecast

## Adjourn

Chairman Tom Ryan declared the meeting adjourned at 5:35p.m.
