IN THE DISTRICT COURT OF HOT SPRINGS COUNTY, WYOMING

FIFTH JUDICIAL DISTRICT

IN THE MATTER )  
OF THE ESTATE ) FILED  
 ) MAR 12 2018  
OF ) Probate No. P18-7  
 )  
KATHLEEN A. BARTON, )  
deceased. )

NOTICE OF APPLICATION

NOTICE IS HEREBY GIVEN that Johnny Barton has made application to the above Court as provided in WS §2-1-205 for decree in the estate of Kathleen A. Barton, deceased, District Court of Hot Springs County, Wyoming, Fifth Judicial district, Probate No. 2018-7, establishing his right and title to the following described real property located in Hot Springs County, Wyoming.

Lot 13, in Block 11, of McManigal's Addition to the Town of Thermopolis, Hot Springs County, Wyoming

All of Lot 14, the West 1/2 of Lt 15, the North 40' of the East 1/2 of Lot 15 and the North 40' of the West 1/2 of Lot 16, all in Block 11, McManigal's addition to the Town of Thermopolis, Hot Springs County, Wyoming

The South 100 feet of the East Half of Lot 15 and South 100 feet of the West Half of Lot 16 and the East half of Lot 16, Block 11, McManigal's Third Addition to the Town of Thermopolis, Hot Springs County, Wyoming

Further, said Applicant has made application for decree establishing his right to the following personal property of Kathleen A. Barton:

Mobile Home - 1980 Medallion 16' x 76' DECAL # 473

Mobile Home - 2004 Schult 16' x 76' DECAL #228

Said application is filed in the office of the Clerk of the District Court of the Fifth Judicial District at the Hot Springs County, Wyoming Courthouse, and any dispute as to the facts as presented in that application should be filed within one week of the date of last publication hereof, at which time the real property of decedent described above and located in Hot Springs County, Wyoming, will be set over to Johnny Barton as his sole and separate property.

DATED this 12th day of March, 2018.

COUNCIL PROCEEDINGS

The Thermopolis Town Council met in regular session March 6, 2018 at 7 pm at Town Hall. Present were Mayor Mike Mortimore, Council members John Dorman Sr., Bill Malloy and Dusty Lewis. Also present were Mayor/Codes Administrative Assistant Fred Crosby, Clerk/Treasurer Tracey Van Heule, Public Works Director Ernie Slagle, Police Chief Steven Shay, Town Engineer Anthony Barnett and Town Attorney Mike Messenger. Council Member Tony Larson was absent. AGENDA: Following the pledge of allegiance, Dorman made a motion, seconded by Malloy and carried to approve the agenda as written.

MINUTES: Dorman made a motion, seconded by Malloy and carried to approve the Council meeting minutes from February 6 and 20, 2018.

BILLS: Lewis made a motion, seconded by Mortimore and carried to approve the General, Enterprise and Special Fund bills for February 2018. Dorman and Mortimore abstained on the approval of the bills to their businesses. Malloy abstained on the approval of his mileage reimbursement.

CITIZEN PARTICIPATION: DEB TUDOR: OKTOBREWFEEST STREET CLOSURE: Tudor asked for Broadway to be closed from 4th Street to 5th Street on October 6, 2018 from 8 am to 8 pm. She also asked for permission for the band to set up in the old fire hall. Malloy made a motion, seconded by Lewis and carried to approve the requests.

TODDI DARLINGTON: LETTERS OF SUPPORT: Darlington asked for letters of support for the Laura Musser and Wyoming Cultural Trust Fund Grants. She noted the Big Horn Basin Nature and Discovery Board and Hot Springs Greater Learning Foundation will be using the grant funds for groundwork (sidewalks) for a children's outdoor learning area. Malloy made a motion, seconded by Lewis and carried to allow the Mayor to sign the letters.

DEPARTMENT REPORTS: Police Chief Shay and Public Works Director Slagle presented February reports for their departments.

TOWN ENGINEER: ANTHONY BARNETT:

Barnett noted there will be a pre-construction meeting for the water project on March 14, 2018.

CODES ADMINISTRATION: FRED CROSBY: Crosby noted a house is being built on Maiden Street.

TOWN ATTORNEY: MIKE MESSENGER: SECOND READING OF THE TERT COMMUNICATION ORDINANCE: Following the reading of the ordinance, Malloy made a motion seconded by Dorman and carried to approve the second reading.

ADMINISTRATION: FRED CROSBY: Crosby noted the LGLP renewal was received and the liability insurance costs are similar to last year.

MAYOR & COUNCIL: OTHER: Malloy presented a synopsis of the WAM winter meeting. The meeting adjourned at 7:27 pm. The next Council meeting is March 20, 2018 at 7 pm.

BILLS: A & I Dist., Oil, \$1,452.79; AFLAC, Insurance, \$411.92; Ambiente, Parts, \$2,619.59; American Welding, Rental, \$45.67; BCN Telecom, Service, \$38.64; Big Horn Water, Service, \$29.50; Bobcat, Parts, \$94.26; Brenntag, Chemicals, \$21,437.55; Carquest, Supplies, \$816.60; Caselle, Maintenance, \$500.00; Chief Supply, Window, \$209.50; CMI-TECO, Towels, \$85.98; D & G Electric, Service, \$1,229.18; WYDOT, Plates, \$5.00; Discover Thermopolis, Envelopes, \$172.00; DPC, Rental and Chlorine, \$1,306.20; Energy Lab, Service, \$160.00; Engineering Associates, Service, \$19,750.07; Steve Francis, Reimb. MONA RAE FEDRIZZI, DECEASED  
MONA RAE FEDRIZZI LIVING TRUST, dated September 30, 1993  
CAROL K. LARSON and JAMES E. LARSON  
Successor Trustees

NOTICE OF INTENT OF TRUSTEES TO DIS-  
TRIBUTE TRUST ASSETS

NOTICE OF LIMITATION ON ACTION BY  
CREDITORS

TO ALL PERSONS INTERESTED IN SAID  
DECEDENT AND/OR HER TRUST ESTATE:

You are hereby notified that on February 6, 2018, MONA RAE FEDRIZZI, also known as MONA R. FEDRIZZI, died in Thermopolis, Hot Springs County, Wyoming. You are hereby notified that at the time of her death, CAROL K. LARSON and JAMES E. LARSON are the successor Trustees of the MONA RAE FEDRIZZI LIVING TRUST, dated September 30, 1993.

It is the intent of the Trustees to distribute the Trust property as set forth in the Trust.

Any creditor or other claimant shall make his or her claim, in writing, to the Trustees at the Winter Law Firm, PO Box 633, Riverton WY 82501 within one hundred twenty (120) days of the date of the first publication of this notice.

Pursuant to Wyoming Statutes §4-10-507, any creditor failing to file a claim, or person failing to commence a judicial proceeding to contest the validity of the Trust or the proposed distribution by the Trustees within the time provided, shall be forever prohibited from making any claim against the assets of the Trust or commencing any proceeding against MONA RAE FEDRIZZI or the MONA RAE FEDRIZZI, LIVING TRUST, dated September 30, 1993.

DATED this 15th day of March 2018.

William T. Winter, Attorney  
for the MONA RAE FEDRIZZI  
LIVING TRUST, dated  
September 30, 1993.

Pub. March 1, 8 & 15, 2018No. 8274

PUBLIC NOTICE OF SECOND SUPPLEMENTED APPLICATION

Pursuant to the Wyoming Administrative Procedure Act and the Wyoming Public Service Commission’s (Commission) Procedural Rules and Special Regulations, notice is hereby given of the second supplement to the Application of Rocky Mountain Power (RMP or the Company) for Certificates of Public Convenience and Necessity (CPCN) and nontraditional ratemaking for wind and transmission facilities, as more fully described below:

RMP is a public utility, as defined in Wyo. Stat. §37-1-101(a)(vi)(C), providing retail electric public utility service under CPCNs issued by the Commission. RMP is subject to the Commission’s jurisdiction pursuant to Wyo. Stat. §37-2-112.

On June 30, 2017, the Company submitted an Application together with testimony, and exhibits requesting the Commission grant CPCNs to construct:

[i] An 140-mile, 500 kV transmission line including construction of the new Aeolus substation near Medicine Bow, Wyoming, and construction of the new Anticline substation near the Jim Bridger power plant located near Point of Rocks, Wyoming;

[ii] A five-mile, 345 kV transmission line running from the proposed Anticline substation to the existing Jim Bridger substation, which includes modifications to the Jim Bridger substation to allow termination of the new 345 kV line;

[iii] Installation of a voltage control device at the Latham substation;

[iv] A new 16-mile, 230 kV transmission line running from the Company’s existing Shirley Basin substation to the proposed Aeolus substation, including modifications to the Shirley Basin substation;

[v] Reconstruction of four miles of an existing 230 kV transmission line between the proposed Aeolus substation and the existing Freezeout substation, including modifications to the Freezeout substation; and,

[vi] Reconstruction of 14-miles of an existing 230kV transmission line between the Freezeout substation and the existing Standpipe substation, including modifications to the Standpipe substation (collectively called the Transmission Projects).

Also on June 30, 2017, the Company submitted an Application together with testimony, and exhibits requesting the Commission grant CPCNs to construct, or approval to acquire, four new Wyoming wind resources with a total capacity of 860 megawatts (MW) (collectively called the Wind Projects). The Company’s Application indicated that it would update the requested CPCN in January 2018 based on the results of the 2017 request for proposals process.

On January 16, 2018, the Company filed its first supplement to the Application with testimony and exhibits initially identifying the specific Wind Projects through the request for proposal process, which supplement increased the proposed total capacity from 860 MW to approximately 1171 MW.

On February 16, 2018, the Company filed a second supplement to the Application with testimony and exhibits identifying the final Wind Projects selected through the 2017 request for proposals process. The final list replaced one project from the first supplement with the Ekola Flats project. The final list includes four Wind Projects with a total capacity of approximately 1,311 MW. RMP requests CPCN for the following four identified Wyoming wind resources: RMP requests CPCN for the following four final identified Wyoming wind resources:

[i] the new 400 MW Cedar Springs Wind Project. The project consists of constructing a 20-mile 230 kilovolt (kV) tie-in transmission line; an electrical collector system; a collector substation; an operations and maintenance building; 161, 2.3-2.5 MW wind turbines and all associated towers, foundations, roads, cables, and communications for operation of the plant. Output from the wind turbines will be delivered to a collector substation on the project site where it will be stepped up to 230 kV and transported over the 230 kV tie-in transmission line to the Company’s transmission system at the Windstar substation. The project is located approximately 19 miles Northeast of Glenrock on 35,000 acres of leased private land entirely in Converse County, Wyoming;

[ii] the new 500 MW TB Flats I and II Wind Project. The project consists of constructing: an 11-mile, 230 kV transmission line parallel to the existing Dunlap to Shirley Basin 230 kV transmission line; an electrical collector system; a collector substation located adjacent to the existing Shirley Basin substation and includes 500 feet of transmission line connecting the substations; an operations and maintenance building; 134, 2.0-4.2 MW wind turbines and all associated towers, foundations, roads, cables, and communications

for operation of the plant. Output from the wind turbines will be delivered to a collector substation on the project site where it will be stepped up to 230 kV and transported over the 230 kV tie-in transmission line to the Company’s transmission system at the Shirley Basin substation. The project is located approximately 5 miles North of Medicine Bow on 50,000 acres of leased private and state land in Carbon and Albany Counties, Wyoming;

[iii] the new 161 MW Uinta Wind Project. The project consists of constructing a 6-mile 138 kV tie-in transmission line; an electrical collector system; a collector substation; an operations and maintenance building; 47, 2.3-3.6 MW wind turbines and all associated towers, foundations, roads, cables, and communications for operation of the plant. Output from the wind turbines will be delivered to a collector substation on the project site where it will be stepped up to 138 kV and transported over the 138 kV tie-in transmission line to the Company’s transmission system at the Whitney Canyon substation. The project is located approximately 8 miles Northeast of Evanston, on 30,000 acres of leased private and state land entirely in Uinta County, Wyoming.

[iv] the new 250 MW Ekola Flats Wind Project. The project consists of installing a 7-mile 230 kilovolt tie-in transmission line; an electrical collector system; a collector substation; an operations and maintenance building; 2.3-2.5 MW wind turbines and all associated towers, foundations, roads, cables, and communications for operation of the plant. Output from the wind turbines will be delivered to a collector substation on the project site where it will be stepped up to 230 kilovolts and transported over the 230 kV tie-in transmission line to the Company’s transmission system at the proposed Aeolus substation. The project is located Northwest of Medicine Bow generally in Township 23 N 79 W in adjacent sections on 22,500 acres of leased private and state land entirely in Carbon County, Wyoming.

RMP in the first supplement to the Application also requested additional CPCN to construct the following additional transmission resources necessary to interconnect the specific four identified Wyoming wind resources:

[i] for the Cedar Spring Wind Project: install two, 230 kV breakers and two line positions with associated switches at the Windstar substation, installation of high-speed relaying at the River-ton 230 kV bus, and rebuild 56 miles of 230 kV line from the Dave Johnson power plant to the Amasa substation, to the Difficulty substation, and to the Shirley Basin substation;

[ii] for the Uinta Wind Project: construct a new three-breaker 138 kV point of interconnection ring-bus substation, reconductor 13.7 miles of the Railroad 138 kV transmission line and modifications to the Naughton remedial actions scheme.

According to RMP, the proposed projects are a time-limited opportunity to obtain cost-effective generation and construct necessary transmission facilities with minimal impact on customer rates. The Company states that the Transmission Projects are necessary to relieve existing congestion and will enable interconnection and integration of the proposed Wind Projects into the Company’s transmission system. The proposed Wind Projects, net of federal wind production tax credits (PTCs) benefits, when combined with the Transmission Projects, are expected to provide economic benefits for RMP’s customers. RMP states that the time sensitive projects require that the new Wind Projects and Transmission Projects achieve commercial operation by the end of 2020 to fully achieve the benefits of the PTCs.

In addition, RMP also requests the Commission approve the Company’s proposed ratemaking treatment under Wyo. Stat. § 37-2-121 for the Wind and Transmission Projects which are expected to cost approximately \$2.45 billion. The Company also requests approval of its proposed ratemaking treatment for the investment in the Wind and Transmission Projects, in accordance with Wyo. Stat. § 37-2-121. The Company proposes to match the costs and benefits of the new resources through a new Resource Tracking Mechanism (“RTM”), as detailed in proposed Schedule 97B until the full costs and benefits are reflected in base rates. The Company is seeking approval through this filing that the decision to construct the Wind and Transmission Projects is reasonable, prudent, and in the public interest. The Company requests that if the Commission makes this finding in this proceeding, parties will not be able to challenge RMP’s prudence or recovery of actual costs associated with the Wind and Transmission in any future Wyoming rate case, unless the actual costs of construction exceed the estimated costs of \$2 billion presented in this Application, or if there is evidence of mismanagement.

This is not a complete description of RMP’s Application as supplemented. Interested persons may inspect the entire supplemented Application at RMP’s Wyoming offices and at the Commission’s offices in Cheyenne, Wyoming, during regular business hours. The Application may also be reviewed on line at <http://www.pacificorp.com>.

Anyone desiring to file a public comment, statement, protest, intervention petition in this matter must file with the Commission in writing on or before March 16, 2018. Any intervention request filed with the Commission shall set forth the grounds of the proposed intervention or request for hearing as well as the position and the interest of the petitioner in this proceeding.

If you wish to intervene in this matter or file

a public comment, statement, or protest, or you will attend the public hearing scheduled to begin on April 9, 2018, and you require reasonable accommodation for a disability, please contact the Commission at (307) 777-7427, or write to the Commission at 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming 82002, to make arrangements. Communications impaired persons may also contact the Commission by accessing Wyoming Relay at 711. Please mention Docket No. 20000-520-EA-17 (Record No. 14781) in your communications.

ADVERTISEMENT FOR BIDS

Hot Springs County Cemetery District Monument Hill Cemetery Expansion

Sealed Bids for the construction of **Monument Hill Cemetery Expansion Project** will be received by **Hot Springs County Cemetery District**, at the office of the **Hot Springs County Cemetery District** until **2:00 pm** local time on March 30, 2018 at which time the Bids received will be “publicly” opened and read.

The project generally consists of, but is not necessarily limited to, the following major items:

All labor equipment and materials required for the excavation, rock removal and site preparation of the eastern expansion area of the Monument Hill Cemetery as shown on the project drawings. The approximate area is up to 279 feet x 400 feet, approximately 2.6± acres. The work includes:

1. Topsoil removal, stockpile and replacement. Estimated depth 6 inches.
2. Existing soil excavation, up to 8 feet below existing grade, removal and disposal of rocks in excess of 6” and other oversized materials.
3. Rip, removal, and on-site processing (crushing by dozer tracks) of existing travertine rock.
4. Placement of processed soils and crushed travertine rock in the excavated area, to provide a suitable cemetery area for future use.
5. Re-placement of stockpiled topsoil.
6. Final surface grading to conform and match the existing site contours, maintain positive drainage.

Bids will be received for a single prime Contract. Bids shall be on a unit price basis, with a Base Bid with additive alternative bid items as indicated in the Bid Form.

The Issuing Office for the Bidding Documents is: Morrison-Maierle, 1402 Stampede Avenue, Cody, WY 82414; Attn.: Frank Page, PE; Phone: 307.527.1117; e-mail: [fpage@m-m.net](mailto:fpage@m-m.net). Prospective Bidders may examine the Bidding Documents at the Issuing Office on Mondays through Fridays between the hours of 8:00 to 5:00 and may obtain copies of the Bidding Documents from the QuestCDN as described below.

The Contract Documents consisting of the Project Manual may be viewed by either electronic documents on-line or as a hard copy at the office of Morrison-Maierle, 1402 Stampede Avenue, Cody, WY 82414. The **“Bid Proposal Packet”** is required to bid and is only available online at QuestCDN. 1. **Electronic Transfer** - Complete electronic Project Plans, Project Manual and **“Bid Proposal Packet”** are available at the Morrison-Maierle, Inc. website [www.m-m.net](http://www.m-m.net), by clicking on the “Projects Bidding” link and selecting this project from the project list, which will direct you to QuestCDN. To purchase and download the project documents in .pdf format and be placed on the planholder’s list, click “Download Project PDF” and sign on to [www.QuestCDN.com](http://www.QuestCDN.com). Plan documents and **“Bid Proposal Packet”** can be downloaded for a fee of twenty dollars (\$30.00). Please contact QuestCDN at 952-233-1632 or email “[info@questcdn.com](mailto:info@questcdn.com)” for assistance in the free membership, registration, downloading, and working with this digital project information.
