PUBLIC NOTICE

Pursuant to the Wyoming Administrative Procedure Act and the Wyoming Public Service Commission's (Commission) Procedural Rules and Special Regulations, notice is hereby given of the Application of Rocky Mountain Power (RMP or the Company) requesting authority to increase its retail electric service rates by approximately \$7.1 million per year or 1.1%, to revise the energy cost adjustment mechanism, and to discontinue operations at Cholla Power Plant, Unit 4, as more fully described below:

RMP is a public utility, as defined in Wyo. Stat. §37-1-101(a)(vi)(C), providing retail electric public utility service under Certificates of Public Convenience and Necessity issued by the Commission. RMP is subject to the Commission's jurisdiction pursuant to Wyo. Stat. § 37-2-112.

On March 4, 2020, RMP submitted an Application requesting the Commission approve the Company's proposal to implement: [1] an increase in its retail electric utility service rates in Wyoming of \$7.1 million per annum or an average overall increase of 1.1 percent, with rates effective on and after January 1, 2021, including approval of proposed rate mitigation proposals; [2] changes to the Energy Cost Adjustment Mechanism to include recovery of \$219.9 million through Schedule 95; and [3] a discontinuation of operations at Unit 4 of the Cholla Power Plant in Arizona, and approve proposed associated regulatory accounting treatment.

RMP is requesting an overall return on equity of approximately 10.2 percent, an overall cost of capital and return on rate base of 7.69 percent and the equity component of the capital structure is 53.52 percent.

The Company states its requested rate increase is primarily driven by: [a] continued capital investments, including the Energy Vision 2020 projects, which RMP states, are required in order for the Company to meet its obligation to serve its customers, and also includes an associated rate of return of 7.69 percent on all its capital investments; and [b] new depreciation rates, using a combination of the rates proposed within the Company's depreciation study in Commission Docket No. 20000-539-EA-18, and stipulated as part of a settlement in principle reached with parties to the proceeding.

RMP's proposed percentage increase or (decrease) in price changes, by rate schedule, are:

Customer Class	Proposed Percentage Change
Residential	
Schedule 2	4.7%
General Service	
Schedule 25	7.2%
Schedule 28	4.0%
Large General Service	
Schedule 33	2.1%
Schedule 46	(2.1%)
Schedule 48T	(1.7%)
Irrigation	
Schedule 40	9.3%
Schedule 210	5.5%
Lighting Schedules	(3.4%)
Overall	1.1%

The Company states that due to rate design and individual customer load factors and usage characteristics, the percentage rate change to individual customers within each rate schedule may be higher or lower than the average for the customer class or rate schedule.

This is not a complete description of RMP's Application. Interested persons may inspect the entire Application at RMP's Wyoming offices and at the Commission's offices in Cheyenne, Wyoming, during regular business hours. The Application may also be reviewed on line at <http://www.pacificorp.com>.

Funds for the remaining County employees' training will come from Emergency Expenditures this year, and will be budgeted for via line item going forward. The trainings are scheduled for May 21st and June 11th. Sign-ups will be through the Public Health office. **HSC Public Health Office Mutual Aid Protocol** – The HSC PHO Mutual Aid Protocol During a Disaster or Public Health Emergency Response was approved as presented. WARM representative Alex Ferrero will be contacted to discuss the possibility of payment for installing a temporary sealant on the roof until it can be replaced later this spring/summer. Estimates have been received from REDD Roofing and Big Horn Roofing for the repair/replacement of both the Library and Courthouse/Jail roofs, but the County is still negotiating with WARM regarding the necessity of using an engineer/architect for the projects.

Weed & Pest Insurance Coverage – The Clerk reported that the Weed & Pest District is not currently covered under the County's insurance policy with WARM, and has not been covered since 2016. The Weed & Pest Supervisor is looking into obtaining insurance coverage for the district and has asked for quotes from several different sources.

Insurance Blood Draw – The Commissioners approved the proposal from WHF to conduct the annual blood draw for County employees on April 17th, and provide screening results at a cost of \$62.00/female and \$94.00/male for covered individuals. The County has elected not to conduct the Health Assessment this year, which has reduced the cost by \$25.00/person.

Nelson Architects Roofing Projects Contract Proposals – Nelson Architects has submitted proposals for professional services for the Library and Courthouse/Jail Reroof projects. At the request of the Commissioners, Ms. Nelson clarified that these proposals include costs for engineering for the projects and a roofing consultant (Dave Kaufmann). WARM consultant Scott Markey joined the meeting by phone to discuss his recommendation that WARM not pay for Nelson Architects' services. Mr. Markey will be provided with a complete breakdown of services provided and concomitant fees from Nelson Architects' proposals, as well as the project cost estimates from REDD Roofing and Big Horn Roofing for further review. The Commissioners asked the Clerk to also provide this information directly to WARM. No action was taken on the contract proposals from Nelson Architects at this time.
