

Public notices

Public Notice

The Spring Gulch Coal Company of Thermopolis, Wyoming has applied for a coal mining permit renewal from the Land Quality Division of the Department of Environmental Quality for the State of Wyoming. The coal mining permit area will be located in: T. 44N., R. 94W., Sections 6 and 7; T. 46N., R. 98W., Sections 30, 31, 32, and 33; and T. 46N., R. 99W., Sections 25 and 26, Hot Springs County, Wyoming. The areas of the permit are approximately 31 miles northwest of Thermopolis, Wyoming and 0.5 miles northwest of Kirby, Wyoming. This area can be found on the Grass Creek and Kirby USGS quadrangle maps. The original permit to mine was granted on October 21, 1974 and is estimated to continue until 2026. The land, after mining, will be returned to livestock grazing and wildlife habitat.

Information regarding this application may be reviewed in the Office of the Land Quality Division of the Department of Environmental Quality in Cheyenne and Lander, Wyoming or the Hot Springs County Clerk's Office at Thermopolis, Wyoming. Written objections to the proposed mining operation must be received by the Administrator of the Land Quality Division, Department of Environmental Quality, 200 W. 17th Street, Suite 10, Cheyenne, WY 82002 before the close of business October 18, 2021. Objections may also be submitted by the same deadline via the Land Quality Division's electronic comment portal at <http://lq.wyomingdeq.commentinput.com/>. The Director shall hold an informal conference if requested, hear the complaint and take action on the application in accordance with Wyoming Statute (W.S.) 35-11-406(p) and the Department's Rules of Practice and Procedure. The Director shall render a decision on the application within thirty (30) days after the deadline to file objections if no informal conference is requested. An informal conference shall be held within thirty (30) days after the final date for filing objections unless a different period is stipulated to by the parties. The Director shall publish notice of the time, date and location of the conference in a newspaper of general circulation in the locality of the proposed operation once a week for two (2) consecutive weeks immediately prior to the conference. If the director holds an informal conference, all parties to the conference shall be furnished with a copy of the final

written decision of the Director issuing or denying the permit within sixty (60) days of the conference. The applicant or objector may appeal the director's written decision after an informal conference to the Council. If a hearing is held the hearing would be conducted as a contested case in accordance with the Wyoming Administrative Procedure Act (W.S. §16-3-101 through §16-3-115) with a right of judicial review afforded as provided in that act and W.S. 35-11-406(p) (iv). The Wyoming Oil and Gas Conservation Commission will be mailed a copy of the application mine plan map as given in W.S. §35-11-406(j).

Pub. Aug. 26, Sept. 2 & 9, 2021 No. 9029

NOTICE OF PUBLIC HEARING

Elyse Dufour has requested a Land Use Change from Residential to Commercial, to allow the following:

1. Short-term rental of two existing bedrooms;
2. Short-term rental of two existing recreational vehicle (RV) spaces
3. Short-term rental of three tent sites.

The subject property is Lot 1 of the Kirby Creek Subdivision, located in the north-east quarter of the southeast quarter of Section 33, Township 44 North, Range 94 West. Fronting on the south side of Black Mountain Road (State Hwy. 172) and the northeast side of East River Road, it contains a residence addressed as 1014 Black Mountain Rd.

A public hearing on this matter will be held before the Hot Springs County Land Use Planning Commission at 6:00 p.m. on Wednesday, September 15, 2021 in the Commissioners' Meeting Room of the County Annex Building. Anyone requiring additional information should call the County Planning Office at 864-2961. Those unable to attend are invited to comment in writing to: County Planning, 415 Arapahoe St., Thermopolis, WY 82443, or by e-mail at hscplanner@hscounty.com.

Pub. Sept. 2 & 9, 2021 No. 9031

REZUM Water Vapor Therapy

www.rezum.com

The latest generation minimally invasive treatment for an enlarged prostate (BPH). It is a safe, effective, non-surgical in-office therapy which provides long-term relief from BPH symptoms and urinary obstruction without the chronic side effects and hassles of daily BPH medication or the risks associated with invasive surgery and overnight hospitalization.

This system delivers precisely targeted steam into the prostate causing the prostate tissue to shrink over a period of several weeks, ultimately allowing the patient to urinate more normally. The treatment should result in a significant relief from bothersome symptoms such as the frequent need to urinate during the day and night, a sense of urgency to urinate, and low urine flow rate.

Rezum has been in use in the US for 5 years and in Europe for 7 years.

- Treatment is completed in my office in a visit lasting about an hour. Actual prostate treatment time is around 15 minutes or less.
- Does not require general anesthesia.
- Quick return to normal activities often within a few days of treatment.
- Progressive improvement of urinary symptoms for 8 to 12 weeks following treatment.
- Proven safe, effective and durable results.
- Low rate of side effects. NO reported sexual side effects.
- Treatment is covered by Medicare, as well as most private insurance companies.
- Before scheduling Rezum you will be seen in my office for a consultation, cystoscopy and a prostate ultrasound all to ensure you are a good candidate for this procedure.
