Filing Officer: Rose Basko

Pub. Oct. 22, 2026

No. 2209

PUBLIC NOTICE

Pursuant to the Wyoming Administrative Procedure Act and the Wyoming Public Service Commission's (Commission) Rules and Regulations, notice is hereby given of the Application of Rocky Mountain Power (RMP or the Company) for authority to reduce the Carbon

Capture Compliance Charge (Schedule 198) from a charge of 0.05% to a customer credit of 0.62% per month, and find the Company prudently incurred the costs sustained between September 2025 and August 2026, pursuant to Wyoming Statutes §§ 37-18-101 and 37-18-102 and Commission Rules Chapter 3, Section 38, regarding low-carbon portfolio standards.

1. RMP is a division of PacifiCorp, an Oregon Corporation, engaged in the business of supplying electric utility service to customers throughout its six-state service territory, including Wyoming. RMP is a public utility subject to the Commission's jurisdiction. Wyo. Stat. §§ 37-1-101(a)(vi)(C) and 37-2-112.

2. On October 1, 2026, RMP filed the Application to reduce the Schedule 198 rate from a 0.05% monthly customer charge to a 0.62% per month customer credit on an interim basis, beginning January 1, 2027. Schedule 198 is a balancing account mechanism that tracks incremental costs to comply with low carbon energy portfolio standard requirements, and revenues collected through a monthly carbon capture compliance surcharge that is based on forecasted costs. RMP requests the change as the forecasted costs and revenues resulted in an over-collection, which the Company proposes to reimburse through customer credit by distributing approximately \$5.1 million to Wyoming customers throughout 2027. The proposed rate, the forecasted collections and incurred costs through 2026, the forecasted 2027 Wyoming Energy Authority's Wyoming Energy Matching Funds (EMF), and customer credit reimbursements in 2027 are expected to produce an ending account balance of \$0.00 as of December 31, 2027.

3. RMP states that, pursuant to Schedule 198, the Company recorded \$633,125.56 in revenue and \$602,222.43 in deferred costs from September 2025 through August 2026 and since inception has over collected a total of \$4.7 million. RMP requests the Commission find the costs incurred during this period comply with the low carbon energy portfolio standard requirements and were prudently incurred. These costs include consultant fees, internal travel expenses, and EMF reimbursements for the Bridger FEED study.

4. This is not a complete description of the Application. Interested persons may inspect it at the Commission's office or online at: <https://dms.wyo.gov/external/publicusers.aspx> (Enter Record No. 18251).

5. Anyone wishing to file a statement, intervention petition, protest or request for a public hearing in this matter must do so in writing filed with the Commission on or before November 13, 2026. Any intervention request filed with the Commission shall set forth the grounds of the proposed intervention or request for hearing as well as the position and the interest of the petitioner in this proceeding. Please be sure to mention Docket No. 20000-719-EM-26 in all correspondence with the Commission.

6. If you wish to intervene in this matter or request a public hearing which you will attend and you require reasonable accommodation for a disability, call the Commission at (307) 777-7427 or write to the Commission, 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming 82002. Communication-impaired individuals may contact the Commission through Wyoming Relay at 711.

Dated: October 14, 2026.

No. 2205

PUBLIC NOTICE

The Wyoming Public Service Commission (Commission) hereby gives notice of High Plains Power Inc.'s (HPP or Cooperative) Application to revise the rules and regulations, update existing fees, and add new charges to tariff sheet SF-3, as more fully described below.

1. HPP is a cooperative utility subject to the Commission's jurisdiction. Wyo. Stat. §§ 37-1-101(a)(vi)(C) and 37-2-112. The Cooperative provides electric service to members in Natrona, Fremont, Hot Springs, Washakie, Big Horn, Johnson, Park, Teton, and Carbon counties. Pursuant to Wyoming Statutes §§ 37-17-102 and 103, the Commission lacks the authority to approve those portions of the Application that seek to implement rate or rate class changes. The Application contains multiple proposed changes which are, however, subject to the Commission's jurisdiction.

2. On October 9, 2026, the Cooperative filed the Application requesting Commission approval of the language regarding multiple tariff changes and revisions to tariff sheet SF-3, the Avoided Cost Rate tariff fee schedule, including changes to the rules and regulations and addition of new charges. Rate increases for employee time, digger trucks, big bucket trucks, small bucket trucks, crew trucks, and backhoe/trencher/bobcat/vac trailer/plow/semitrucks are being implemented, as well as, the addition of pole attachment fees, effective August 24, 2026.

3. This is not a complete description of HPP's Application. Interested persons may inspect the Application at the Commission's offices in Cheyenne, Wyoming, during regular business hours or online at: <https://dms.wyo.gov/external/publicusers.aspx> (enter Record No. 18256).

4. Anyone desiring to file a public comment, statement, intervention petition, protest or to request for a public hearing in this matter must do so, on or before November 16, 2026. An intervention request must set forth its grounds, as well as the position and interest of the petitioner in this proceeding. Please mention Docket No. 10020-79-CT-26 in your communication.

5. If you wish to participate in this matter and you require reasonable accommodation for a disability, call the Commission at (307) 777-7427 or at 2515 Warren Avenue, Suite 300, Cheyenne, Wyoming 82002. Communication-impaired individuals may contact the Commission through Wyoming Relay at 711.

Dated: October 15, 2026.
